

USER GUIDE FOR END USER

User Guide for a user

1. The user will be required to register with the website using his or her email-address plus a chosen password.
2. After successful registration, the login details will be sent to his or her email-address for future login.
3. Upon successful login, the user will be directed to the company's homepage where he/she will be able to see the listed companies doing stock trading.
4. User will be able to select any company, view their profiles, details and their trading prices on a given stock.
5. The user will be able to view the RSS feeds of top 5 movers and bottom 5 movers in the stock trade through the top 5 movers link.
6. User will be able to see lists of stocks on any given day(including the time he is visiting the site) sorted by any given value.
7. The user will see a list of a single stocks prices for a given period of time.
8. User will then be able to see a list of marginal values on a given stock over a given period of time e.g the highest, the lowest, the first, last, gains and losses etc.
